

## UPCOMING EVENT:

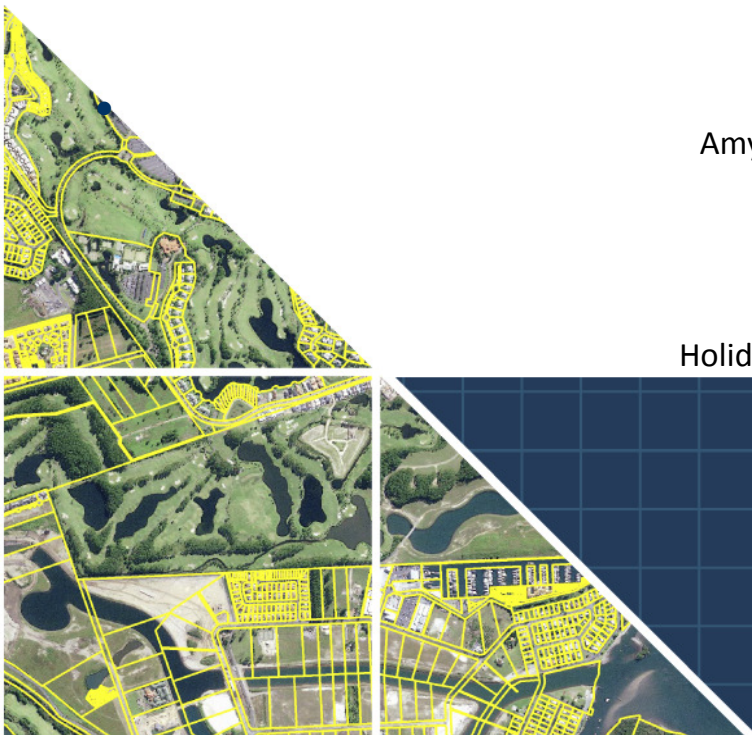

### NT SPATIAL 2011 'The State of Play'

It is our pleasure to invite you to the Northern Territory's Surveying and Spatial Sciences Institute (SSSI) inaugural conference '**NT Spatial 2011 – The State of Play**' to be held in Darwin from 2<sup>nd</sup> to the 4<sup>th</sup> February 2011.

The overall theme of this event - "State of Play" - will address the present status and future of the survey and spatial (location based) industry, and the various roles of government and private organisations in spatially enabling the Territory.

'**NT Spatial 2011 – The State of Play**' will be presented as a three-day symposium with numerous presentations, exhibits and workshops. The event will include a broad professional, technical, administrative and scientific program with six sittings each offering 1 to 2 parallel sessions. There will also be special sessions on 'Spatially Enabling Government' and will offer invited high profile presentations that will emphasise the business of Territory Government agencies participating in this unique initiative.

## NT SPATIAL 2011

### 'The State of Play'

#### Who should attend 'NT Spatial 2011 – The State of Play'?

NT Spatial 2011 will bring surveyors, spatial scientists, land information professionals, technicians, administrators and managers together to meet and exchange ideas. The conference will provide valuable opportunities for all those currently working within the Industry, those wishing to progress their organisation, and those interested in spatially enabling their business. The event aims to cater for anyone with an interest in surveying, the spatial sciences and location based information and business applications!

#### Why should I attend 'NT Spatial 2011 – The State of Play'?

The event will aim to:

- ✿ Offer NT SSSI members the opportunity to fulfill CPD requirements
- ✿ Provide a forum for interested persons and special interest groups to discuss, and be informed about, surveying and the spatial sciences both within our region and beyond
- ✿ Provide networking opportunities within location based Industries
- ✿ Deliver a full and interesting program to Industry professionals
- ✿ Advocate the use of spatial data, technologies and services in a business context, and the role the Spatial Industry currently plays within the NT
- ✿ Afford NT spatial professionals the opportunity to prepare and deliver a paper/presentation to their Industry peers

#### Conference Features

A series of workshops will be run on the Wednesday, followed by a full two-day conference program commencing on the Thursday.

It anticipated that workshops will **start** from **\$150**, and will be either half day or a full day. Stay tuned for further announcements on the workshop program!

#### Key conference features:

- ✿ Half-day Spatially-Enabling Government presentations and forum
- ✿ Parallel sessions representative of SSSI commissions subject areas
- ✿ Location based applications for information and business
- ✿ Trade exhibitors showcasing their latest products and services
- ✿ Fully catered and concluding with a farewell cocktail-style reception
